

LOUD AND CLEAR

EAA Chapter 319

Our next meeting will be March 13th
YES THIS IS ONLY TWO DAYS FROM NOW!!

We are meeting in Medford at the Sun Oaks Community Building. Check out our website for more information on location and gate procedure if you arrive after 7 PM.

Our board meeting will be at 6:30 with general meeting at 7:30. All are welcome at both meetings.

Our speaker will be Jack Ashcraft with discussion about his Polliwagon homebuilt. Jack was not able to make our last meeting, so this is a re-schedule.

We hope to see more members this week, our new location is very pleasant and a great place for a meeting. Sherri will bring the usual refreshments and -as in many other aviation clubs- Food, Flying, and Friendship are always on tap.

I have one hot news flash among our members. You may recognize the face. The solo flight of the Starduster on March 9th was a very happy event. Congratulations to Bud and Miriam on a smooth first flight. We hope to join them on many more outings.

Over the last year we have worked at amending our by-laws and we need to have them approved at the next meeting. On our website is a link to all the changes that we will be voting on.

We have not heard from many of our members we will be happy to accept membership dues at our meeting or you can send a check to 15373 Joans Road, White City OR 97503. Dues are still \$20 per Member or \$30 for Family.

Local Future Events:

May 19 – EAA BBQ at Beagle International Airport.

June 17 through 23 – National Championship Para-glider competition at Woodrat Mountain near Ruch. in the Applegate Valley.
