WHEELS UP!

Greetings Members and Friends,

My logbook is filling up and I hope yours is too. These past few weeks have seen some pretty nice flying weather and I have had the good fortune of getting into the air more than usual. Happily, I've been able to hone my

much-needed short-field skills in a C-150.

Thanks go out to Richard Hendrickson for sharing his DVD and stories from Wanaka, New Zealand. The landscape of the south island looks to be everything I had heard about. The variety of aircraft at their airshow was very impressive, many of which we just don't get to see in these parts. Thanks again Richard. Where to next?

Sorry to report that our newly elected Vice President, Alan Laudani, has taken a job in San Diego and has resigned this position. We wish Alan all the best.

The good news is that there is an opening for someone among us to invigorate and grace the executive committee with your presence. Please give me a call if you can lend your expertise to this endeavor. We have a number of things on the calendar for this year and as the saying goes..."Many hands make light work".

We will have a guest speaker next Thursday in the person of Bob Watts. Doug Dunn has made the arrangements with Mr. Watts to entertain and educate us about his T-28. Doug told me that Bob has recently sold the aircraft, so, damn-it; there won't be any show-and-tell. It promises to be an interesting evening, so please try to attend. We have a tentative date to drool over the Milani's RV-10 in March, so stayed tuned. If you have a suggestion for speakers or topics of interest that you would like to share, please get in touch with me and we'll get in on the calendar.

Speaking of attendance...don't forget to re-up your membership dues, both for our Chapter and national. Lastly, I must apologize for my lack of organization with respect to filing our Chapter Agreement for 2007. Somehow, I misplaced the mailing and missed the deadline in December for getting these documents filled out and sent back to national. Thanks to Glen Finley for his help in putting the data in the right place, we are legal again and, hopefully, in good standing.

Respectfully,

Bud Liberatore

Chapter 319 President, 2007
